Cherubs and Angels

'Tis The Holiday Season of Comfort and Joy – And who is more comforting than a Mother? Like angels, they nurture and protect us, and their jobs are the most difficult of all. While extremely gratifying, motherhood may leave some with undesirable reminders of pregnancy, as seen with stretch marks, saggy breasts and shapeless tummies. Behold! Mommy-makeovers are on the rise! These combined-procedure surgeries allow women to regain their figures and feel good about their bodies once again. For more information, please visit www.aMommyMakeover.com and treat yourself, and make 2011 a Confident and Angelic Year!

Mistletoe Kissin'

Wanna get caught under the Mistletoe? We know all the secrets of love and passion, starting with full, luscious, kissable lips. If you desire fuller, pouty lips, and want to plump up yours, come see us! We offer an array of injectible options. Don't kiss and tell, ...just know where to go!

Who's Got Gummies Now?

With the combined talents of Dr. Grant Stevens and Dr. David Stoker, we can assist you with all of your breast care concerns. Whether it's augmentation you desire, a breast reduction or lift, or even correction of gynecomastia (excess male breast tissue) we promise to provide superior care and medical technology. Dr. Stevens is one of only a select few surgeons in the United States authorized to implant the new Silicone Cohesive Gel Implants as part of an FDA approved study. These semi-solid gel implants, called Cohesive Gel Implants, feel softer and more natural than saline implants. The cohesive gel implants also differ from saline or standard silicone implants which leak when the implant shell is ruptured. Cutting into a cohesive gel implant is a little like cutting into a "gummy bear." Guess who recently got gummies?... Our very own Aesthetician, Rachael Martinez, is now sporting a pair of bears.

Dear Charlie:

What is the new "Body Contouring Room" that I keep hearing about in your office?

**- Bod that wants contouring!
Sophie, 31 years old**

Dear Sophie:

As many of you already know, we have specialized in Plastic Surgery, Reconstructive medicine, and Aesthetic Skin care for years. But now, we have expanded our services to include a fully equipped Body Contouring Room dedicated to Body Slimming and Shaping – non-surgically! For those who may not be ready for surgery, or may not be able to afford costs or downtime, we offer Exilis, ZELTIQ, ZERONA, SmoothShapes and Body by Thermage;— everything you need to look super fit and sexy in-or-out of clothes! Men and women are benefitting from body toning, and you can even relax and check your emails while being treated!

Flawless AT ANY AGE

If you haven't tried our numerous choices in skin peels... It's time! We offer everything from light facial peels to deep peels, for men and women. We offer the full range of options for treatment, price points and recovery periods. Never forget your most valuable asset: Beautiful, radiant, healthy skin.

...Because age is reflected in your skin!

Chocolate, nuts, cocktails Indulge without (too much) guilt

It can seem that everything you like is bad for you, but recently there has been some good news in the area of the previously forbidden. If you've had a hard time avoiding chocolate, you can have it now. You still can't binge on chocolate, but a few squares have been shown to lower blood pressure, harden tooth enamel, and provide several important nutrients, says the Journal of the American Medical Association. People who are nuts about nuts can healthfully enjoy their treat as long as the nuts are not salted. All nuts have a positive effect on the heart, but macadamias, peanuts, and pistachios are best. Almonds are good for the bones and blood pressure. The selenium and vitamin E in Brazil nuts have special benefits for the prostate. Pecans may help to stave off cataracts and macular degeneration because of their high antioxidant levels, and walnuts have several benefits including promotion of serotonin, the feel-good chemical that fights depression.

Face Forward

Historically, the first quarter of each year is our busiest time for performing facial rejuvenation. Most face-lifts and necklifts are done during this period. The reason is simple: Men and women have recently set their New Year's resolutions, and are ready to make positive life changes. They are focused and dedicated to that commitment. Furthermore, it is an ideal time to recover during those months, as the weather is cool and comfortable. Professionals feel that they wear their resume on their face, and youthful looks keep them competitive and fresh. It's a New Year, and the time is NOW to get started on improving your appearance so that you can face 2011 with complete confidence!

Global Vision

Today, plastic surgery advancements have allowed for virtually any enhancement to become a reality. Typically, minor improvements such as softening facial wrinkles, can lift our spirits and improve our appearance. Others may desire a more extreme makeover, and want a whole new look. Men and women can benefit from the vast array of procedures available today. Patients are now seeking out the best surgical options available, and are traveling from all over the world to find the ideal physician and technique. We are proud that our client base represents all corners of the world. If you, or someone you know, is interested in learning about what choices they have for personal improvements, we encourage you to visit our web site, and schedule a consultation. We offer a complete fly-in program. Simply log onto www.MarinaPlasticSurgery.com, and follow the steps outlined in the 'fly-in patient' protocol. Dr. Stevens and Dr. Stoker are committed to offering the best techniques medicine has to offer. See the bigger picture... See yourself as you wish. We are here to make that dream come true and 2011 your BEST YEAR ever!

Look Holiday Fresh ...From a Bottle!

Revolutionary changes in formulas and technologies have now allowed for skin care products that will literally change the appearance of your skin, beyond what you thought possible from a jar! Ask our aestheticians or PA's what will work for you! We've all been celebrating the season of giving to others; **Now, it's time for ourselves!** Pamper yourself this month. When you take care of yourself, you feel better, laugh more, and live longer healthier lives!

Get the Curves You Deserve!

Oh Thank Heaven Here comes 2011!

A year filled with change, prosperity, and dreams. We are all ready for changes -- economically and personally. Even our industry has made vast changes! Now treatments are easier, safer, less expensive, and have longer-lasting results. It wasn't so long ago that the medical field dreamed of a technology that could correct skin conditions at the speed of light ... and now, *Light Sources and Lasers* have made that a reality! We begin the New Year by making Resolutions that include improved self-appearance. Use this time to schedule that procedure you've always dreamed of, to make 2011 a happy, memorable and abundant year!
