

Thank You!

To all of you who have donated bras for Breast Oasis. Breast Oasis is a non-profit charitable organization dedicated to providing underprivileged women with new or gently-used bras. A simple donation can be life changing. If Breast Oasis can help one woman to feel more comfortable and more confident, then we've done something truly fantastic. *A very special shout-out to MOMS CLUB of Canyon Country- Southern California who collected over 100 bras as a community service project. Your acts of kindness have deeply touched our hearts!*

YUM YUM SUMMER FUN

Today, plastic surgery advancements have allowed for virtually any enhancement to become a reality. Typically, minor improvements such as softening facial wrinkles, can lift our spirits and improve our appearance. Others may desire a more extreme makeover, and want a whole new look. Men and women can benefit from the vast array of procedures available today. Patients are now seeking out the best surgical options available, and are traveling from all over the world to find the ideal physician and technique. We are proud that our client base represents all corners of the world. If you, or someone you know is interested in learning about what choices they have in personal improvements, we encourage you to visit our website, and schedule a consultation. We also offer a complete fly-in program. Simply log onto our website, and follow the steps outlined in the 'fly-in patient' protocol. Dr. Grant Stevens and Dr. Michelle Spring are committed to offering the best techniques medicine has to offer. See the bigger picture... See yourself as you wish. We are here to make that dream come true!

GLOBAL LEADERS IN MEN & WOMEN'S SKINCARE

NO Summer Time Blues Here

A firmer face and neck can leave you feeling confident, vibrant and refreshed. Beyond just tightening skin, a facelift helps to restore volume and reduce the signs of aging by repositioning muscles, resulting in a much younger appearance. Often a patient just requires a necklift to restore definition to the lower region of the face by reducing loose skin and neckbands. If you're not ready for surgery, or if you cannot afford to take time off work, try our Liquid Facelift which restores volume and reduces wrinkles with a simple in-office visit using dermal fillers and neurotoxins...and no downtime!

Summertime Scoop:

More and more friends and couples are "going under the knife" together, opting for nips-and-tucks... as a team effort. Best friends, married couples and even group family members are coming into our office seeking procedures in pairs. They state that teaming up reinforces their bond psychologically and offers unbiased support.

FUN in the SUN

Cosmetic procedures are on the rise. Why? Simply put – When we look good, we feel good! Our feelings about ourselves determine how we perceive our lives. We all have our own mindsets when it comes to aging, yet we all share a desire to remain youthful for as long as possible. Call today to schedule an appointment to discuss what options are available to you. Dr. Stevens and Dr. Spring can discuss your options to achieve the body you've always desired! Beauty is natural and unrehearsed, so we promise to bring out the very best in you, naturally, and make you look as good as you feel, from head to toe!

AB-solutely FAB ABS!

More men are coming in for elective cosmetic procedures. A growing number of men are turning to plastic surgery to keep themselves looking younger. America's youth-oriented culture is behind the trend, but so is men's increasing comfort with admitting they care about their looks. The stigma of plastic surgery has faded, and that has encouraged more men to consider the investment to improve their appearance, and commit to investing in themselves. The fastest-growing cosmetic procedures for men are surgical and typically include liposuction to create and contour an AB-solutely yummy physique that they can appreciate...and you can too! (wink wink)

Soak Up The Sun

Model

Nothing makes us look older than unsightly aged skin, and it's not unusual that our hands and necks can give away our age. Our lifestyles take us out in the sun and often expose us to all sorts of damaging environmental conditions. Freckles, wrinkles, damaged skin, and unsightly spots suddenly appear as we age. Since youth is associated with clear, firm and even-toned skin, why not invest in one of our treatments and let us turn back the hands of time! Best of all: we treat any part of your face, body and hands and legs. All you need is an appointment...and soon you'll be facing the year with restored confidence! We perform the complete range of non-ablative procedures for anti-aging and skin rejuvenation for men & women. All treatments can be performed in-office with little to no downtime, and costs are reasonable. If you want to look as young as you feel, call now and schedule a consultation with one of our 3 Physician Assistants to learn how we can help! If you can dream it – we can do it!

We offer THE FINEST Medical Grade Skin Care Products for Men & Women available in the World! Our research is extensive and consistent, to ensure that YOU get PRODUCTS THAT WORK!

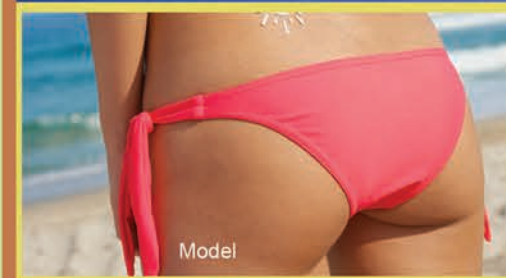

LET THE SUNSHINE IN

No other skin care regimen will keep you looking young, as much as wearing daily sunscreen.

Prolonged exposure to the sun leads to premature aging of the skin, wrinkles, discoloration, and even skin cancer. A good sunscreen to protect your skin from the ultraviolet rays is a must! Basal Cell is the most common kind of skin cancer, and the one directly related to cumulative effects of exposure to sunlight. These unsightly lesions can even appear up to 20 years after overexposure to sunlight. That is why we urge constant protection from the sun. We offer a wide range of sunscreens that are made of the finest medical-grade ingredients. Don't be seen without sunscreen. Try ours! Other products pale by comparison.

UVA= Leads To Skin Cancer and Premature Aging.

**UVB = Causes Sunburn
THINK: B=burning / A=aging**
